How to Separate Trash

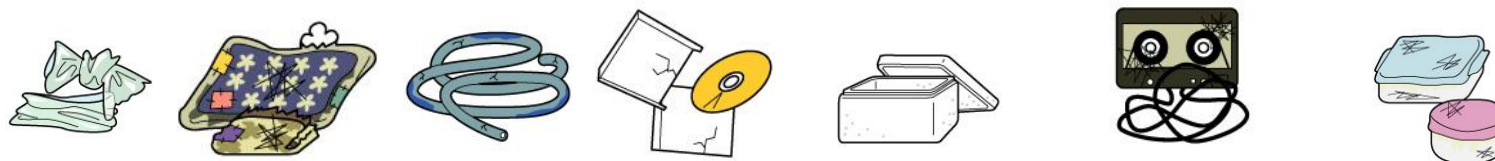

Burnable items

Examples: Clothes, rags, wastepaper, wood chips, leather items, kitchen waste...etc.

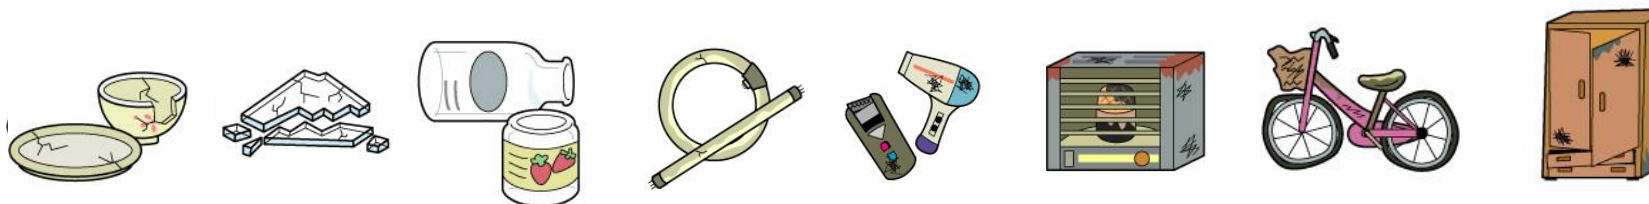

Non-burnable items (plastic-related)

Examples: PolyVinyl Chloride (PVC) items, plastic waste, bedquilts, styrofoam, rubber items, video tapes...etc.

non-burnable items (metal or bulk item-related)

Examples: metal and glass items, cups, ceramics, glass bottles, fluorescent tube, bulbs, small electrical appliances, batteries, spray cans, gas canisters, furniture, bicycles, oil heaters...etc.

Bulk items such as air conditioners, TV sets, refrigerators/freezers, and washing machines/clothes dryers are rendered as oversize trash and thus cannot be recycled. Please contact the stores where you purchased items for disposal, or ask an electrical appliance store for assistance. The fee will be charged for each item. You may also contact a waste disposal company (Uozu Seiso Kosya Co., Ltd. ☎0765-22-0311) to schedule bulk trash pickup.
